Academic Dean, Jacksonville College

Dear Ms. Welch,

This correspondence is to formally confirm that The Southern Baptist Theological Seminary and Boyce College will accept transfer credit from Jacksonville College (JC) toward any of our undergraduate programs. This determination has been made after significant review of the course syllabi and academic programs. Course equivalencies between the evaluated JC courses and corresponding Boyce College courses are attached. Additional courses may be added to the list by providing the course syllabi for review.

Any change to JC's academic programs will require a reevaluation of these accepted courses. Boyce College reserves the right to terminate this agreement at any time if circumstances warrant.

We pray this agreement results in expanded effectiveness for both our institutions in serving and training ministers of the gospel.
